SHOWCASE

The diversified investment conference
for ASX listed companies

WEDNESDAY 22 JUNE 2022

8.00am	Delegate Arrival Tea & Coffee Served	
8.30am	Opening Address	
8.45am	Battery Supply Chains Heating Up - What To Watch For In 2022 & Beyond Harry Fisher - Senior Analyst, Battery Metals CRU	
9.00am	Charger Metals NL David Crook - Managing Director & CEO	CHR
9.15am	Sunshine Gold Ltd Damien Keys - Managing Director	SHN
9.30am	Medallion Metals Ltd Paul Bennett - Managing Director	MM8
9.45am	Platina Resources Ltd Corey Nolan - Managing Director	PGM
10.00am	Thomson Resources Ltd David Williams - Executive Chairman	TMZ
10.15am	Race Oncology Ltd Dr Daniel Tillett - Chief Scientific Officer	RAC
10.30am	MORNING TEA	
11.00am	Yandal Resources Ltd Tim Kennedy - Managing Director	YRL
11.15am	Clean TeQ Water Ltd Willem Vriesendorp - Chief Executive Officer	CNQ
11.30am	Godolphin Resources Ltd Jeneta Owens - Managing Director	GRL
11.45am	Black Cat Syndicate Ltd Gareth Solly - Managing Director	BC8
12.00pm	Little Green Pharma Ltd Fleta Solomon - Chief Executive Officer	LGP
12.15pm	Neurotech International Ltd Dr Alexandra Andrews - Chief Executive Officer	NTI
12.30pm	Sayona Mining Ltd Paul Crawford - Executive Director & CFO	SYA
12.45pm	LUNCH	
1.30pm	Rincon Resources Ltd Gary Harvey - Managing Director	RCR
1.45pm	Arovella Therapeutics Ltd Dr Michael Baker - Managing Director & CEO	ALA
2.00pm	Okapi Resources Ltd Andrew Ferrier - Managing Director	OKR
2.15pm	Firetail Resources Ltd Brett Grosvenor - Executive Chairman	FTL
2.30pm	My Foodie Box Ltd Mai Hughes - Chief Executive Officer	MBX
2.45pm	Venture Minerals Ltd Andrew Radonjic - Managing Director	VMS
3.00pm	AFTERNOON TEA	
3.30pm	Living Cell Technologies Ltd Dr Belinda Di Bartolo - Chief Operating Officer	LCT
3.45pm	SensOre Ltd Richard Taylor - CEO & Director	S3N
4.00pm	Black Canyon Ltd Brendan Cummins - Executive Director	BCA
4.15pm	De.mem Ltd Andreas Kroell - Chief Executive Officer	DEM
4.30pm	Island Pharmaceuticals Ltd Dr Paul MacLeman - Executive Chairman	ILA
4.45pm	Caprice Resources Ltd Andrew Muir - Managing Director	CRS
5.00pm	Austral Resources Australia Ltd Dan Jauncey - Executive Director	ARI
5.15pm	DAY 1 CLOSE	

CONFERENCE DRINKS, Exhibition Area | *Sponsored by Evolution Capital*

THURSDAY 23 JUNE 2022

8.00am	Delegate Arrival Tea & Coffee Served	
9.00am	QEM Ltd Joanne Bergamin - Communications Director	QEM
9.15am	Accelerate Resources Ltd Yaxi Zhan - Managing Director	AX8
9.30am	GreenTech Metals Ltd Tom Reddicliffe - Executive Director	GRE
9.45am	Openn Negotiation Ltd Peter Gibbons - Managing Director	OPN
10.00am	Stonehorse Energy Ltd David Deloub - Executive Director	SHE
10.15am	Aurora Energy Metals Ltd Greg Cochran - Managing Director	1AE
10.30am	AuKing Mining Ltd Paul Williams - Chief Executive Officer	AKN
10.45am	MORNING TEA	
11.15am	Tamboran Resources Ltd David Close - Vice President Operations & External Affairs	TBN
11.30am	ABx Group Ltd Dr Mark Cooksey - Chief Executive Officer	ABX
11.45am	Technology Metals Australia Ltd Ian Prentice - Managing Director	TMT
12.00pm	Marvel Gold Ltd Chris van Wijk - Managing Director	MVL

3.30pm	Panel Session	
3.45pm	AFTERNOON TEA & CONFERENCE CLOSE	

ABx Group Ltd (ASX: ABX)
Strategic Minerals & Chemicals

THURSDAY - SESSION 2, 11.30AM | BOOTH #25

abxgroup.com.au

Creating new sources and technologies for the supply of strategic minerals and chemicals:

1. Multiple discoveries of the ideal type of rare earth deposit in northern Tasmania.
2. Production of aluminium fluoride, essential for aluminium smelting, from recycled waste.
3. Mining and enhancing the value of bauxite resources for cement, aluminium and fertilisers.

Accelerate Resources Ltd (ASX: AX8)

Manganese, Manganese EV Batteries, Woodie Woodie North

THURSDAY - SESSION 1, 9.15AM | BOOTH #48

ax8.com.au

Accelerate Resources is an Australian Manganese focused resource Company, our vision is to become the next Australian manganese producer and supply high-grade manganese, a critical mineral, to the steel and Electric Vehicle battery industries. The company's flagship project Woodie Woodie North Manganese project, located in the Pilbara, WA, home to world class high grade Manganese deposit. The project is close to road, rail, port and gas pipeline infrastructure.

Akora Resources Ltd (ASX: AKO)

Iron Ore, Green Steel

THURSDAY - SESSION 3, 2.00PM | BOOTH #36

akoravy.com

Akora Resources is focused on the high-grade Bekisopa Iron Ore Project in Madagascar. The 195Mt Resource features several high-grade lump and fines material grading up to 67%+ Fe and potential DSO up to 69% Fe. The project outcrops over 6km and can expand further.

Arovella Therapeutics Ltd (ASX: ALA)

Novel Cell Therapy Platform To Treat Cancer

WEDNESDAY - SESSION 3, 1.45PM | BOOTH #31

arovella.com

Arovella Therapeutics is a biotechnology company focused on developing therapies to treat human disease, focused on oncology and conditions impacting the central nervous system. Arovella is developing its invariant natural killer T (iNKT) cell therapy platform from Imperial College London to treat blood cancers, in addition to its DKK1-peptide targeting technology licenced from MD Anderson, which can be used in conjunction with the iNKT cell therapy platform.

AUKING**AuKing Mining Ltd (ASX: AKN)**

Copper, Zinc, Cobalt

THURSDAY - SESSION 1, 10.30AM | BOOTH #34

auckingmining.com

AKN is an emerging participant in the Critical Minerals sector – seeking to develop its Koongie Park copper, zinc, silver and cobalt project in north-eastern Western Australia. The project has a JORC resource estimate of 8.9Mt @ 1.01% Cu, 3.67% Zn, 0.16g/t Au, 32g/t Ag and 0.77% Pb.

A 7,500m drilling program is currently underway at Koongie Park targeting certain high priority areas.

**Aurora Energy Metals Ltd (ASX: 1AE)**

#Uranium #Lithium #1AE

THURSDAY - SESSION 1, 10.15AM | BOOTH #40

auroraenergymetals.com

Listed in May 2022, Aurora is a unique uranium-lithium play with its flagship, the Aurora Energy Metals Project, located in south-eastern Oregon. The Project has a significant, well-defined, shallow uranium mineral resource, whilst the overlying and surrounding lakebed sediments host lithium-rich zones. Aurora aims to produce these minerals which are critical for the USA's transition to a low emissions energy future.

**Aurumin Ltd (ASX: AUN)**

#Gold #Sandstone #Exploration

THURSDAY - SESSION 3, 2.30PM | BOOTH #5

aurumin.com.au

Aurumin is a gold focussed mineral exploration company with a portfolio of projects located near Southern Cross and Sandstone in Western Australia.

The Company is focused on improving and expanding the existing 784,000oz Au mineral resource at Central Sandstone and moving to a decision to mine.

Exploration is active across all project locations, including at historical producing operations Mt Dimer and Mt Palmer.

**Austral Resources Australia Ltd (ASX: AR1)**

#miningaustralia #coppermining #copper #exploration

WEDNESDAY - SESSION 4, 5.00PM | BOOTH #12

australres.com

AR1 is a copper producer operating in Mt Isa, Queensland. Austral has infrastructure in situ with a replacement value of ~A\$160M and over 2,000km² tenement package in one of the world's most prolific copper regions. Austral's SXEW processing plant produces LME Grade A copper cathode with a nameplate capacity of 30,000tpa. Austral's Anthill oxide copper mine is expected to produce 40,000t of copper cathode over a four-year period from mid-2022.

Black Canyon Ltd (ASX: BCA)

#Manganese #Pilbara #WA

WEDNESDAY - SESSION 4, 4.00PM | BOOTH #44

blackcanyon.com.au

Black Canyon explores for manganese located in the Pilbara region of Western Australia. The Company has a portfolio of 100% owned and joint venture tenements (51%) with Carawine Resources. Since listing in May 2021, Black Canyon has defined manganese mineral resources of 104 Mt at 10.5% Mn at two deposits including 33 Mt @ 12.8% Mn within the Flanagan Bore Project, with significant upside potential across the portfolio. The Company is focused on progressing Flanagan Bore into the study stage during 2022 whilst expanding its exploration program across its other projects.

Black Cat Syndicate Ltd (ASX: BC8)

#Gold #BC8

WEDNESDAY - SESSION 2, 11.45AM | BOOTH #18

blackcatsyndicate.com.au

Black Cat Syndicate Limited is a fast-growing Western Australian gold explorer. Listed on the ASX in 2018, they have established a substantial and growing portfolio of high-grade gold resources in the prime WA gold regions of Eastern Goldfields, Eastern Pilbara, and the Tanami.

Since listing, BC8 have rapidly added to their Resource base, which now stands at over 2 million ounces and growing. This is achieved through low cost, effective exploration, and strategic value adding acquisitions. They aim to move quickly to self-sustaining operations to continue to grow and deliver value to employees, shareholders, and the communities in which they operate.

Bulletin Resources Ltd (ASX: BNR)

A Well-Funded Lithium & Gold Explorer

EXHIBITING ONLY | BOOTH #15

bulletinresources.com

Bulletin is a well-funded lithium and gold explorer. The flagship Ravensthorpe Lithium Project is located only 12km from the operating Mt Cattlin lithium mine in Western Australia's southwest. High grade spodumene samples up to 7.04 %Li₂O from rock chips of the outcropping pegmatites within a 4km trend attest to the prospectivity of the project. Drilling is scheduled to commence upon receipt of environmental permits.

Caprice Resources Ltd (ASX: CRS)

Gold, Base Metals

WEDNESDAY - SESSION 4, 4.45PM | BOOTH #10

capriceresources.com

Caprice holds over 150km² in the Cue Goldfield, WA. The focus is the Island Gold Project which has had historic high grade mining, yet minimal modern exploration. Recent drilling has delineated the Solis prospect, a +1km gold anomaly discovered beneath Lake Austin. Caprice also has the polymetallic Northampton Base Metals Project, project which includes historical lead-silver-copper mines that were operational between 1850 and 1973.

Charger Metals NL (ASX: CHR)

#Lithium #Nickel #PGEs

WEDNESDAY - SESSION 1, 9.00AM | BOOTH #32

chargermetals.com.au

Charger Metals listed in July 2021 as an emerging exploration company, focussed on battery metals in three emerging provinces. Charger's projects include:

- The Coates Ni-Cu-PGE Project, WA. Located approximately 25km SE of the Julimar Ni-Cu-PGE Project (ASX: CHN) where drilling is about to commence.
- The Bynoe Lithium Project in the NT adjacent to the Finnis Lithium Project it expects to be drilling in the short term.
- The Lake Johnston Lithium Project, in WA where it has discovered a swarm of outcropping spodumene pegmatites and drilling planning has commenced.

Clean TeQ Water Ltd (ASX: CNQ)

Water & Metal Technology & Recycling, Tailings Management

WEDNESDAY - SESSION 2, 11.15AM | BOOTH #23

cleanteqwater.com

Clean TeQ Water develops and delivers innovative water treatment technologies and metal recovery solutions that address some of the world's most challenging environmental problems. Our groundbreaking technologies economically recycle water, nutrients and battery metals from complex waste streams, and we have received numerous global innovation awards. One major market focus has been mining wastewater, tailings management, and metal recovery from mining waste streams. The company is currently in the commercialization phase with rapidly increasing revenues and strong prospects for continued growth.

De.mem Ltd (ASX: DEM)

Industrial Water Treatment Solutions

WEDNESDAY - SESSION 4, 4.15PM | BOOTH #33

demembranes.com

De.mem provides innovative products, services and solutions for decentralised water and waste water treatment to leading industrial customers. Our "one-stop-shop" offering is based on our world class hollow fibre membrane technology and speciality chemicals portfolio. We operate Australia-wide with offices in Melbourne, Brisbane, Perth and Launceston, and internationally through subsidiaries in Singapore and Germany.

Dreadnought Resources Ltd (ASX: DRE)

Nickel, Copper, Rare Earths

THURSDAY - SESSION 2, 12.45PM | BOOTH #17

dreadnoughtresources.com.au

Dreadnought Resources (ASX:DRE) is a highly active West Australian mineral explorer focused on discovery. Dreadnought currently has three core projects which include the Tarraji-Yampi Cu-Ag-Au-Co, Mangaroon Ni-Cu-PGE-REE-Au and the Illaara Au-Cu-Ni-Li-Iron Ore projects. With a diverse mix of geological terrains and target commodities Dreadnought Resources is finding the resources for our future.

**EV Resources Ltd (ASX: EVR)**

#EV #GreenMetals #BatteryMetals

EXHIBITING ONLY | BOOTH #6

evresources.com.au

EV Resources Limited is a mineral exploration Company that owns and operates a strategically diversified portfolio of projects focused on electric vehicle and green technology metals. The Company's assets are located across the world and are highly prospective for lithium, copper and tin.

**Firetail Resources Ltd (ASX: FTL)**

#BatteryMinerals #Lithium #Cobalt #Copper #Nickel

WEDNESDAY - SESSION 3, 2.15PM | BOOTH #38

firetailresources.com.au

Firetail Resources Limited listed in April 2022 in a spin-out from Gascoyne Resources. Firetail has a portfolio of prospective battery minerals projects in Western Australia and Queensland.

In Western Australia, the company focus is on the Yalgoo & Dalgarganga Lithium projects and the Paterson Copper & Gold project. The company also holds a strategic stake of 12% in Forrestanda Resources Limited (ASX:FRS) with Lithium, Gold and Nickel projects. In Queensland, the company focus is on Mt Slopeaway Nickel-Cobalt-Manganese project.

**Godolphin Resources Ltd (ASX: GRL)**

Rare Earths, Rare Metals, A Rare Opportunity

WEDNESDAY - SESSION 2, 11.30AM | BOOTH #20

godolphinresources.com.au

Godolphin Resources is focused on the development of projects containing critical minerals and green metals across its established tenement suite in central west NSW. We are concentrating efforts on the Narraburra JV, which will enable Godolphin to be a one stop shop for all of the new green technology materials in a well serviced region with established infrastructure.

**GreenTech Metals Ltd (ASX: GRE)**

Green Energy Metals: Copper, Nickel, Zinc

THURSDAY - SESSION 1, 9.30AM | BOOTH #27

greentechmetals.com

GreenTech Metals is an exploration and development company primarily established to discover, develop, and acquire Australian and overseas projects containing minerals and metals that are used in the battery storage and electric vehicle sectors. The Company's founding projects are focused on nickel, copper and cobalt in the underexplored West Pilbara and Fraser Range provinces. Both the Whundo copper-zinc project and the Ruth Well nickel-copper project in the West Pilbara have established resources with clear potential for growth through targeted exploration.

**Island Pharmaceuticals Ltd (ASX: ILA)**

Solving Urgent Viral Disease Threats

WEDNESDAY - SESSION 4, 4.30PM | BOOTH #19

islandpharmaceuticals.com

Island (ASX: ILA) is a mid-clinical-stage drug repurposing company, focused on the topical area of antiviral therapeutics for infectious diseases.

Our lead asset is ISLA-101, a drug with a well- established safety profile, is being repurposed for the prevention and treatment of dengue2 fever and other mosquito (or vector) borne diseases. The Company is close to commencing a Phase 2a clinical trial in dengue-infected subjects.

Little Green Pharma Ltd (ASX: LGP)

#aworldofdifference #medicinalcannabis #transforminglives

WEDNESDAY - SESSION 2, 12.00PM | BOOTH #30

littlegreenpharma.com

Little Green Pharma - producing premium grade cannabis medicines to make a world of difference to patients around the globe.

Little Green Pharma is changing the world by producing pharmaceutical grade cannabis medicines to thousands of patients worldwide. LGP was the first producer and exporter in Australia and continues to lead the Australian and European medicinal cannabis markets.

Vertically integrated and geographically diverse, Little Green Pharma grows, manufactures and distributes its cannabis medicines from its production facilities in Australia and Denmark (EU). With revenue growth in Australia since 2018, LGP is now focused on rapid international market growth utilising its early mover advantage.

Living Cell Technologies Ltd (ASX: LCT)

#biotech #parkinsonsdisease #health

WEDNESDAY - SESSION 4, 3.30PM | BOOTH #4

lctglobal.com

Advancing Groundbreaking Parkinson's Disease Research.

Living Cell Technologies Limited (ASX:LCT) is an Australasian biotechnology company that is focused on discovering and developing novel treatments for debilitating conditions such as diabetes and Parkinson's disease.

LCT is listed on the Australian (ASX:LCT) and US (OTCQB:LVCLY) stock exchanges. The company is incorporated in Australia, with its operations based in Australia and New Zealand.

Marvel Gold Ltd (ASX: MVL)

#Gold #Mali #Tabakorole

THURSDAY - SESSION 2, 12.00PM | BOOTH #8

marvelgold.com.au

Marvel Gold is a Mali-focused gold explorer with advanced gold exploration projects in Southern Mali. The Company's current focus is exploration at its Tabakorole Gold Project where it has defined a mineral resource of >1Moz with significant upside potential across the portfolio. High-grade gold intercepts continue to be returned at Tabakorole, whilst regionally, excellent results from the regional program include 2.01g/t Au from auger drilling at Kolondieba and multiple +1g/t Au soil results at Yanfolila.

Matsa Resources Ltd (ASX: MAT)

Gold Exploration

THURSDAY - SESSION 2, 12.30PM | BOOTH #14

matsa.com.au

Matsa Resources Limited is an ASX listed exploration and gold mining company operating south of Laverton in the north eastern goldfields of Western Australia.

The company is conducting a focused exploration drive at its flagship Lake Carey Project building on 553koz of gold resource to discover and develop minable ounces which can feed into a company owned and operated mill with the ability of transforming the company into a significant gold producer.

MEDALLION METALS

Medallion Metals Ltd (ASX: MM8)

#Gold #Copper #MM8

WEDNESDAY - SESSION 1, 9.30AM | BOOTH #46

medallionmetals.com.au

Since listing in March 2021, Medallion has completed over 46 kilometres of drilling at its highly prospective Ravensthorpe Gold Project in the southern goldfields of WA. A recent resource update increased project resources to 1.37Moz gold equivalent, comprised of 1.1Moz of gold and 50kt of copper metal. With another 20km of drilling already completed set to drive further resource growth in 2022, along with regional discovery success, Medallion is building critical mass to become a gold and copper miner at Ravensthorpe in the near future.

MIRAMAR
RESOURCES LTD.

Miramar Resources Ltd (ASX: M2R)

Gold, IOCG, Ni-Cu-PGE

THURSDAY - SESSION 3, 2.45PM | BOOTH #49

miramarresources.com.au

Exploring for Gold, IOCG and Ni-Cu-PGE in Western Australia.

Miramar Resources is an active gold, IOCG and Ni-Cu-PGE exploration company with multiple projects across strategic landholdings in Western Australia. The Company's portfolio of projects has high potential for new discoveries and there is substantial upside with regular news flow from numerous exploration programs and further exploration success. Miramar aims to create shareholder value through discovery and the Board has a proven track record of successful discovery, development and production.

My Foodie Box Ltd (ASX: MBX)

Food & logistics business, Targets East Coast Expansion

WEDNESDAY - SESSION 3, 2.30PM | BOOTH #29

myfoodiebox.com.au

My Foodie Box (ASX:MBX) is a listed food technology and logistics business focused on preparing and delivering meal kits initially to customers in Western Australia with a vision to use its existing technology platform to expand its services and product offering on the eastern seaboard in second half of CY22 and in so doing becoming a broader, national e-commerce business.

NeuroScientific
BIOPHARMACEUTICALS

NeuroScientific Biopharmaceuticals Ltd (ASX: NSB)

#EmtinB #neuroscience #alzheimers #multiplesclerosis #glaucoma

THURSDAY - SESSION 2, 1.00PM | BOOTH #11

neuroscientific.com

NeuroScientific - Ready to Launch Phase I Trials for EmtinB

NSB (ASX: NSB) is a drug development company focused on developing peptide-based pharmaceutical drugs for the treatment of neurodegenerative conditions such as Alzheimers, Multiple Sclerosis and Glaucoma - all diseases with high unmet medical need. NeuroScientific's lead drug, EmtinBTM, is one of NeuroScientific's portfolio of peptides which mimic the naturally occurring human protein, Metallothionein (MT-II). NeuroScientific is readying for initial Phase I in-human trials for EmtinBTM which are due to receive approvals during 1H CY 2022 with studies to commence shortly thereafter.

Neurotech International Ltd (ASX: NTI)

#ASD #Cannabis #NTI

WEDNESDAY - SESSION 2, 12.15PM | BOOTH #45

neurotechinternational.com

Neurotech International Limited is a biopharmaceutical company focused on the development and commercialisation of neurological solutions that improve quality of life. NTI's current focus is their world-first study utilising NTI164 (> 0.3% THC) in the treatment for paediatric Autism Spectrum Disorder (ASD). The Company is also focused on commercialising Mente, the world's first home therapy that is clinically proven to increase engagement and improve relaxation in autistic children with elevated Delta band brain activity.

Okapi Resources Ltd (ASX: OKR)

Advanced High Grade Uranium Assets in North America

WEDNESDAY - SESSION 3, 2.00PM | BOOTH #2

okapiresources.com

Okapi Resource's strategy is to become a new leader in North American carbon-free nuclear energy by developing a portfolio of high-quality uranium assets.

In the USA, the company holds the Tallahassee and Maybell projects in Colorado and the Rattler Uranium project in Utah.

Okapi has also acquired several exploration assets in the world's premier uranium district, the Athabasca Basin in Canada.

Omnia Metals Group Ltd (ASX: OM1)

#Silver #Copper #PGE

THURSDAY - SESSION 3, 2.15PM | BOOTH #9

omniametals.com.au

Omnia Metals Group is a mineral exploration company focused on exploring for future facing commodities used in advanced technologies, with a focus on nickel, copper and platinum group elements. Omnia's primary focus is 1,305km² of tenure in the highly Ord Basin Project, which is situated in a rapidly emerging district prospective for Norilsk-style nickel-copper-PGE and stratigraphic copper mineral systems. The Company recently received high-grade rock chip samples collected from the Ord Basin Project with a maiden drilling campaign planned for H2 2022.

Openn Negotiation Ltd (ASX: OPN)

Buy & Sell Property Online, With More Transparency

THURSDAY - SESSION 1, 9.45AM | BOOTH #37

openn.com

Openn is a transactional tool used by real estate agents to facilitate more transparent property sales. It keeps all stakeholders informed about property negotiations through their device in real time, allowing them to make confident decisions about buying or selling.

Platina Resources Ltd (ASX: PGM)

#Gold #Scandium

WEDNESDAY - SESSION 1, 9.45AM | BOOTH #1

platinaresources.com.au

Platina Resources is targeting gold deposits at Challa, Mt Narryer and Xanadu in Western Australia. Platina also holds the Platina Scandium Project in New South Wales, one of the world's largest and highest-grade scandium deposits.

The company's exploration focused investments which include Blue Moon Zinc Corporation, Major Precious Metals, Nelson Resources Limited and Alien Metals offer additional significant value upside.

QEM Ltd (ASX: OEM)

#vanadium #criticalminerals #renewables #queensland

THURSDAY - SESSION 1, 9.00AM | BOOTH #50

qldem.com.au

QEM Limited is a Queensland company developing a critical minerals project utilising innovative and sustainable energy solutions. QEM's Vanadium and Oil resources at its flagship Julia Creek Project will help build Australia's sovereign capability. High purity Vanadium will help meet increasing demand for critical battery metals for safe, long-lasting large scale battery systems while also playing a key role in decarbonising the steel and construction industry. Low-sulphur diesel production will provide security to local industry.

Race Oncology Ltd (ASX: RAC)

#Oncology #Cancer #PrecisionOncology #BreastCancer

WEDNESDAY - SESSION 1, 10.15AM | BOOTH #24

raceoncology.com

Race Oncology is a precision oncology company with a Phase 2/3 cancer drug called Zantrene. Zantrene is a potent inhibitor of the Fatso / Fat mass and obesity associated (FTO) protein, and overexpression of FTO has been shown to be the genetic driver of a diverse range of cancers. Race has also discovered that Zantrene protects from anthracycline-induced heart damage, while in tandem acting with anthracyclines and proteasome inhibitors to improve their ability to target breast cancer. Race also has compelling clinical data for Zantrene as a chemotherapeutic agent and is in clinical trial in Acute Myeloid Leukaemia (AML).

ResApp Health Ltd (ASX: RAP)

Instantly diagnose & manage respiratory disease using only a smartphone

THURSDAY - SESSION 3, 3.15PM | BOOTH #47

resapphealth.com.au

We provide point of care diagnostic solutions for telehealth that are easily integrated into existing platforms. ResAppDx is CE Marked in Europe and TGA approved in Australia. We are also developing the world's first instant screening test for COVID-19. In April 2022, ResApp Health received a takeover offer from Pfizer by way of a Scheme of Arrangement and has entered into a Research & Development License Agreement.

Rincon Resources Ltd (ASX: RCR)

#WA #Copper #Gold

WEDNESDAY - SESSION 3, 1.30PM | BOOTH #43

rinconresources.com.au

Rincon Resources is a copper and gold exploration company with three highly prospective 100%-owned projects in Western Australia.

The Company's flagship project is the South Telfer Copper-Gold Project, located just 12km from the world-class Telfer Gold Mine, where it is building on its early drilling success with its phase 2 drilling campaign well underway targeting strike and depth extensions to the Hasties Prospect.

The Company is also exploring for IOCG deposits at its Kiwirrkurra Copper-Gold Project in the West Arunta region of Western Australia, where it plans to commence fieldwork at the Pokali Prospect during the second half of 2022.

Sayona Mining Ltd (ASX: SYA)

Powering the World's Clean Energy Revolution

WEDNESDAY - SESSION 2, 12.30PM | BOOTH #3

sayonamining.com.au

Sayona Mining Limited (ASX:SYA; OTCQB:SYAXF) is powering the world's clean energy revolution with our leading lithium resource base in North America.

In Québec, Canada, Sayona's assets comprise the North American Lithium operation together with its emerging Authier and Tansim lithium projects. Sayona also holds a 60% stake in the Moblan Lithium Project in northern Québec, centre to its expanding northern hub.

In Western Australia, the Company holds a large tenement portfolio in the Pilbara region prospective for gold and lithium.

SensOre Ltd (ASX: S3N)

AI-targets, Lithium, Gold

WEDNESDAY - SESSION 4, 3.45PM | BOOTH #28

sensore.com

SensOre aims to become the top performing global minerals targeting company in the world through deployment of big data, AI/machine learning technologies and geoscience expertise. SensOre has developed proprietary AI-enhanced technology designed to advance the way companies integrate, interrogate and analyse geoscience data and increase the potential for mineral discovery. SensOre's unique business model provides multiple pathways to value realisation.

Stonehorse Energy Ltd (ASX: SHE)

#Oil #Gas #Jewell

THURSDAY - SESSION 1, 10.00AM | BOOTH #7

stonehorseenergy.com

Stonehorse Energy is an oil and gas exploration and production company with working interests in producing oil and gas wells in the USA and Australia. The Company's strategy is to invest at the well level in development / production wells with a high probability of success. In 2022, Stonehorse participated in the drilling of the Jewell well in the US, which achieved payback within six months and is now a significant cashflow generator for the Company, allowing it to invest in higher potential wells.

Sunshine Gold Ltd (ASX: SHN)

Gold, Copper, Queensland Exploration

WEDNESDAY - SESSION 1, 9.15AM | BOOTH #16

shngold.com.au

Sunshine Gold is a Queensland focussed gold-copper-rare earths explorer with four key projects. A shallow 118koz Au Resource with excellent upside potential has been defined at the Triumph Gold Project. A porphyry Cu-Au-Ag-Mo porphyry discovery and the delineation of a large REE system highlight work at Ravenswood West. Early work continues at Investigator and Hodgkinson.

Tamboran Resources Ltd (ASX: TBN)

#Beetaloo #NT #Gas

THURSDAY - SESSION 2, 11.15AM | BOOTH #39

tamboran.com

Tamboran Resources is a natural gas company focused on supporting the Net Zero energy transition by developing low-CO₂, unconventional gas resources in the Northern Territory of Australia. The Company's assets include a 25% working interest in EP 161 and a 100% working interest in EP 136, which are both located in the Beetaloo Sub-basin in the Northern Territory, Australia. The development of the Core Beetaloo, via a JV pipeline partnership with Jemena will allow Tamboran to access Asian LNG and East Coast Australian gas markets. Tamboran plans to spud the high impact Maverick 1H well within EP 136 during the third quarter of 2022.

Tambourah Metals Ltd (ASX: TMB)

Gold, Lithium, Ni-PGEs, Advanced Exploration

THURSDAY - SESSION 2, 12.15PM | BOOTH #39

tambourahmetals.com.au

Tambourah Metals Ltd has recently completed the maiden drill program at the Tambourah Gold and Lithium project. The Company proposes to drill in the Q3 at Cheela the advanced gold project west of Paraburdoo. TMB has expanded the battery metals portfolio adding 2 projects for Lithium and Gold exploration at Russian Jack and in Nullagine in the East Pilbara. Cheela Drill targeting and surveys are in progress exploring for NI-PGEs at the Achilles Project (NE Goldfields) and the Julimar Nth (SW Region). With advanced Gold Projects and an eye for critical minerals in their Portfolio, Tambourah Metals has started 2022 with an ambitious and exciting exploration year ahead.

Taruga Minerals Ltd (ASX: TAR)

Diversified Copper & Rare Earth Elements

THURSDAY - SESSION 3, 3.00PM | BOOTH #35

tarugaminerals.com.au

Taruga Minerals Ltd (ASX:TAR) operates a large portfolio of exploration projects in South Australia and Western Australia. Taruga's core focus is on its 100% owned South Australian copper projects, which cover ~3,500km². High-grade copper and ionic clay REE's have recently been discovered at Taruga's Mt Craig Project, where focussed drilling is set to commence in July 2022.

Technology Metals Australia Ltd (ASX:TMT)

#Vanadium #VRFB #MTMP

THURSDAY - SESSION 2, 11.45AM | BOOTH #41

tmtlimited.com.au

Technology Metals Australia is developing one of the most advanced vanadium projects in the world, the Murchison Technology Metals Project. Vanadium is a critical mineral used in long duration batteries and in the defence industry.

Supported by major shareholders including Resource Capital Funds and led by a team of project builders, the company is aiming to make a Decision to Mine by late 2022.

Thomson Resources Ltd (ASX: TMZ)

#TMZ #Silver #Queensland

WEDNESDAY - SESSION 1, 10.00AM | BOOTH #42

thomsonresources.com.au

Thomson Resources is dedicated to developing a silver focused package of mineral projects within Queensland and New South Wales, Australia. Thomson is targeting, in aggregate, a mineral inventory available to a central processing facility equating to 100 million ounces of silver equivalent within the New England Fold Belt portfolio. Currently the Company has a combined MRE of 40.2 Moz silver equivalent for the Texas District and Conrad Project, with Webbs MRE to be issued shortly. The Company is also progressing exploration activities within the Lachlan Fold Belt in NSW where an earlier stage tin and gold Hub & Spoke centralised processing strategy is being developed.

Venture Minerals Ltd (ASX: VMS)

Targeting ESG Tin Production

WEDNESDAY - SESSION 3, 2.45PM | BOOTH #22

ventureminerals.com.au

In northwest Tasmania, Venture Minerals has refocused its approach to developing the Mount Lindsay Tin-Tungsten Project, commencing an Underground Feasibility Study, and the Riley Iron Ore Mine is prepared for a quick restart should the market conditions become favourable. In Western Australia, Chalice has commenced drill testing on recently defined 11 new EM anomalies on 'Julimar lookalike' target at the South West Nickel-Copper PGE Project. Downhole EM delineates large conductor under high grade Zinc-Copper-Gold drill intersections at Golden Grove North and with the acquisition of a highly prospective tenure at the Kulin Project, Venture has effectively doubled its portfolio.

Yandal Resources Ltd (ASX: YRL)

A Gold Discovery Company Focussed in WA's Goldfields

WEDNESDAY - SESSION 2, 11.00AM | BOOTH #21

yandalresources.com.au

Yandal Resources Limited is focussed on discovery of large gold deposits in belts of proven prospectivity in the Western Australian Goldfields. Our strategy is to identify areas with high potential for discovery where past exploration has not been undertaken or has been ineffective due to the use inappropriate techniques.
